

# C4ADS

innovation for peace

C4ADS is a nonprofit organization with a mission to defeat the illicit networks that threaten global peace and security.

Powered by cutting-edge data science, innovative technology applications, and evidence-driven analysis, we work to coordinate effective global solutions to the illicit networks that drive conflict, instability, environmental crime, and human rights abuses around the world.

## LEVERAGING PUBLICLY AVAILABLE INFORMATION & CUTTING-EDGE TECHNOLOGY

**109 TB**

Volume of publicly available data

**2 Billion**

Rows of integrated, fused, and searched data within dynamic bulk data analysis platform

**176**

Jurisdictions within dynamic bulk data analysis platform

We fuse disparate data across languages, regions, and types for integrated capability.

Bespoke investigative technology to meet comprehensive analytical needs

Custom solutions for on-the-ground partners

Transparency through enhancing public access to powerful data
